WEST COAST ENGINEERING

DECORATIVE POLE SOLUTIONS

Valmont West Coast Engineering offers decorative steel and aluminum lighting structure designs to enhance city streetscapes, town centers, parks and residential areas.

Valmont West Coast Engineering understands the unique requirements of architects, engineers, and contractors. We have built our reputation on a company-wide commitment to customer service, innovation and cost control. No matter the occasion, taste or dedication, we have developed poles designed to mirror the way we live, work and play.

With our breadth of products, Valmont West Coast Engineering is unmatched in our ability to provide standard and decorative products to the lighting pole market. Every city, town, public or private building has its own unique character and we wish to interpret the "spirit" of this character through our designs and make them come alive, vibrantly and memorably. From historic to contemporary, Valmont West Coast Engineering has a pole design for every application.

LEVERAGING IN-HOUSE ENGINEERING

Engineers, architects, contractors and city planners rely on Valmont West Coast Engineering for superior quality, affordability, functionality and aesthetically pleasing decorative lighting poles.

Meeting the needs of you, our customer, is our top priority. No matter how large or small your order, whether it's a standard or specially designed, our focus is to provide a quality product, to deliver that product on time and per your project requirement, and ultimately, to be your reliable lighting pole partner.

Ornamental poles are built to last for generations. We are dedicated to the quality, and durability of every design. All of our decorative poles are created by gifted designers and engineers who are inspired by the human experience thus creating timeless masterpieces and unique structures that are both aesthetically pleasing and structurally sound.

Call us at one of our locations closest to you for next project and ask for our Decorative Lighting Sales; or visit us on the web at www.valmontwce.com.
