

Pedestrian and Cyclist Protection Data Sheet

Increased protection for motorcyclists and pedestrians

Post Caps

- Options available for I-Beam posts and Z-Posts
- Ideal for shared use paths in close proximity to guardrail end-terminals
- Remove snag points for pedestrians and cyclists

Motorcyclist Protection Shields

- Compliant to AS/NZS 3845:2015
- New cover for added protection to motorcyclists from hazards in impacting extruder head.
- Modified face shield offering greater visibility and softer impact
- Design includes post cap for Post 1, removing snag point
- Quick installation on new or retrofit projects
